

# Survey of Camping Expectations 2022 Dutch campers

**Are you also curious to know where Dutch campers want to go on holiday in 2022? ACSI looked into it in partnership with camping shop Obelink. We can now present you with the results.**

For this survey, we asked around 6,300 Dutch campers about their plans. We approached them through ACSI and Obelink's European websites, newsletters and social media channels. Campers could take part between 2 February to 17 February.

### Camping holidays are going ahead

From the survey it appears that most of the Dutch respondents indicated that they had camping plans for 2022. No less than 97% of the campers who usually go camping with (grand-)children are planning on going on the road this year. Among campers who usually go camping in a different composition (two adults or single person without children, groups of friends or group trips) 99% plan to go on a camping holiday.

### Average number of days in 2022

Dutch campers who usually go camping with (grand-)children plan to go camping for an average of 34 days in 2022. Campers who usually go camping in a different composition plan to go camping for 62 days.

### These countries are popular

Popular destinations among Dutch campers in 2022 are The Netherlands, France and Germany. Finally, we see that compared to 2021, more Dutch campers are planning a trip abroad in 2022. That applies to campers who usually go on holiday with or without (grand-)children.
