

2023 survey on camping plans French campers

Are you curious about where French campers want to go on holiday in 2023? ACSI conducted a survey on the French campers' holiday plans for 2023. We present the results to you now.

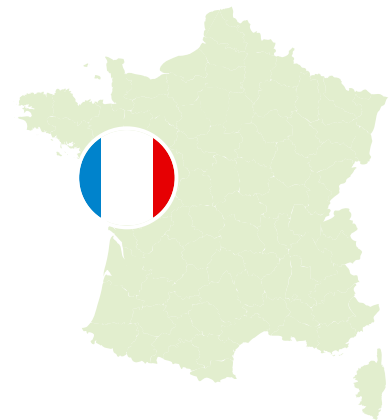

For this survey, we asked more than 1,100 French campers about their plans. We approached them through ACSI's European websites and newsletters. Campers could take part between 9 February to 23 February.

Average number of camping holidays in 2023

French campers who usually go camping with (grand) children plan to go camping an average of 5 times in 2023. They will go on camping holiday for a total of 39 days. Campers who usually go camping in a different composition plan to go camping about 7 times a year. They will do so spread over 61 days, which is more than in 2021 and 2022. An upward trend can be seen here.

These countries are popular

Popular destinations among French campers in 2023 are still France, Spain and Italy. While campers tended to stay in their own home country in 2021 and 2022, we see in 2023 that people are basically returning to their old pattern and going abroad again. This applies to campers without children as well as campers with children. Portugal, the United Kingdom and Denmark are increasing in popularity as a destination among French campers.
